

QUALITY MANAGEMENT POLICY

TAC Adhesives is proud of the reputation it has in manufacturing adhesives of a consistent high quality. Our manufactured product, customer service and technical service advice is a value added, point of difference in achieving excellent quality overall.

We are committed to creating a value outcome for all our customers by

- Having a clear understanding of their requirements
- Developing a consistent and clear manufacturing process
- Sourcing raw materials from reputable supplier partners
- Quality control testing
- Training of employees
- Providing resources to deliver the required outcomes
- Continual improvement of processes and procedures

Ensuring the TAC Adhesives commitment to quality is understood by all our staff and will result in continued value outcomes for our customers.
